SETTLED AT LAST.

Capitol Site Chosen, Money Appropriated and Legislature Adjourns.

On Tuesday last the Senate adopted the report of the Conference Committee on the location of the new Capitol, by a vote of 21 to 4, which was afterwards changed to 23 to 4 by recording the votes of Senators Burnam and Spence in the affirmative.

The bill, as amended, was then reported to the House of Representatives on Wednesday. After some parliamentary motions the amendment was concurred in by a vote of 63 to 14.

Thus this matter, over which a long battle has been waged, was finally and for all time settled.

The same result could have been attained and the whole matter closed up in ten days had there not been so much politics injected into the fight.

The play for position in the dominant party was the moving cause, each striving to put the other to disadvantage.

While we have had our views on this matter, we have carefully refrained from publicly declaring them, because we believed it the duty of the Legislature to settle the matter for the best interests of the State, regardless of the choice of Frankfort's people.

What we have always desired was the speedy settlement of the question, and the erection of the long needed buildings.

The site selected is a beautiful and commanding one, and will be easily seen from all directions.

The Legislature was in session for 30 days, at an expense of about \$1,500 per day.

The final adjournment took place on yesterday.

"Requiescat in pace."

"THE IRISH PAWNBROKER."

"The Irish Pawnbrokers," the comedy that has been playing to such enormous business for the past three seasons is one of Manager McNamara's early bookings. The company this season is headed as usual by the farce comedy star triumvirate Wesley and Mack and Mazie Trumbull. This trio are so well known to theatergoers that they need no introduction. The company surrounding them this season is as capable as usual, and the scenic investiture is promised all that could be asked.

STOPS RACING ON STREETS.

The racing which has been indulged in by our young people, both in sleighs and sleds, had become so dangerous to street pedestrians and others that Chief of Police Mangum issued orders to stop the practice, but none too soon, as several persons had already been injured.

LEG BROKEN.

A lad by the name of Alexander Callaghan had his leg broken, on Tuesday, by running into a stone wall in front of the Royal Mills, on Main street. Young Callaghan and several others were on a sled coming down Arsenal Hill, when they attempted to evade a buggy coming up, when the sled became unmanageable.

VALENTINE PARTY AT FORKS.

The Y. M. C. A. of the Forks of Elkhorn will give a Valentine Party at their rooms on the evening of Tuesday, February 14, Valentine's Day.

Every one cordially invited to attend and enjoy the occasion.

Dr. Weaver's Treatment.
Syrup purifies the blood, cures head skin eruptions.

ACCIDENT ON L. & N.

A flange on a wheel of a freight car broke off at Jett's Station, on Monday night, causing the car to jump the track. But little damage was done, but the eastbound C. & O. train was detained in this city for some three hours.

THE FAYETTE INTER-URBAN TRACTION CO.

The franchise to build an electric railway to Versailles, and probably to this city, was purchased from Mr. C. D. Beebe (who recently acquired it by purchase at commissioner's sale), on Monday last, by the above company.

This is the company that is now running the lines to Georgetown and Paris. It is asserted that work upon the Versailles line will be pushed so soon as the weather will permit.

It is earnestly hoped that the portion of the road between Versailles and this city will be constructed by this company, which means business in all it undertakes, as witness its other lines.

MAKE IT COMMONWEALTH AVENUE.

In the city of Frankfort we now have two Main streets, the one on the North Side, and the other on the South Side. We would respectfully suggest that the city council pass an ordinance changing the name of the South Side street of that name to Commonwealth or State Avenue, especially so as it is now pretty well assured that the street in question will be the main entrance to the new Capitol grounds.

Either name suggested will do, but we rather prefer Commonwealth Avenue as its designation.

PECULIAR DISAPPEARANCE.

J. D. Runyan, of Butlerville, O., laid the peculiar disappearance of his painful symptoms, of indigestion and biliousness, to Dr. King's New Life Pills. He says: "They are a perfect remedy for dizziness, sour stomach, headache, constipation, etc." Guaranteed at all druggists. Price 25c.

No man can cure consumption. You can prevent it though. Dr. Wood's Norway Pine Syrup cures coughs, colds, bronchitis, sore throat. Never fails.

RESIGNED.

Mr. Clarence E. Woods, the versatile newspaper man, editor of Sigma Nu and Assistant Secretary to U. S. Senator Jns. B. McCreary, has resigned his place with Mr. McCreary to come back to Richmond to prosecute his canvass for the Democratic nomination for Mayor of that city.

Mr. Woods is a first-class gentleman and a polished writer. He is also the Grand Recorder of the Sigma Nu Greek Society.

We wish him abundant success in his efforts to become Mayor of his home city.

TRANSFERRED TO THE CINCINNATI.

By a postal from Lieut. Commander Hugh Rodman, U. S. N., we learn that he has been transferred from the U. S. S. Wisconsin to the U. S. S. Cincinnati, as Executive Officer, and will remain on the China Station for some time to come. His wife is now in Manila, P. I.

Only one remedy in the world that will at once stop itching of the skin in any part of the body: Doan's Ointment. At any drug store, 50 cents.

SATURDAY EVENING'S ALARM.

Shortly after 6 o'clock, on Saturday evening, an alarm from box 27 called the boys to a house in the rear of the St. John's A. M. E. Church, where a chimney was burned out. No damage was done.

SMALL COUNTY COURT DAY CROWD.

Owing to the disagreeable weather, there was but a small crowd in town on Monday (county court day). Several horses were sold and Commissioner Posey sold some real estate, but the dealing of all kinds were short.

WILLS PROBATED.

The will of Mrs. Fredericka Kaltenbrun was admitted to probate, on Monday, in the county court. After a few small devices, she left the remainder of her estate to her son, Dr. V. A. Kaltenbrun, and her daughter, Mrs. Fredericka Weisenburgh, designating each piece of property for each child.

The will of Mr. Harry B. O'Donnell was probated on Monday last. He devised all his property of every kind to his wife.

Is it a burn? Use Dr. Thomas' Electric Oil. A cut? Use Dr. Thomas' Electric Oil. At your druggists.

AGITATED THE CROWD.

While Rev. M. B. Adams, pastor of the First Baptist Church, was preaching upon "The Baptism of Fire," on Sunday night, and was showing that the Holy Spirit not only acted with fusing power to weld Christians into firmer allegiance to Christ and His cause, but at the same time it burned in the hearts of sinners so that they became annealed and hardened to its influence, the ice upon the roof of the church, which had become loosened by the rain, gave way and came rushing down the roof to the ground.

Quite a number of those present were very much alarmed for a moment or two and did not seem to know but what some mysterious power was at work about there.

BUY'S CITY RESIDENCE.

Mr. R. D. Armstrong has purchased of Dr. J. A. Posey his handsome new residence on Shelby street (situated on what is known as a part of the Stoddard Johnson lot). It is a convenient and modern dwelling in all its appointments.

Coughs and colds, down to the very borderland of consumption, yield to the soothing, healing influence of Dr. Wood's Norway Pine Syrup.

WITH US'UAL FORMALITIES.

The electoral votes of the several States were counted in the presence of the joint assembly of Congress, on Wednesday, February 8.

The vote was stated to be 396 for Roosevelt and Fairbanks, and 140 for Parker and Davis.

President of the Senate Frye then proclaimed Theodore Roosevelt elected President and Chas. W. Fairbanks elected Vice President for the term of four years from the 4th day of March, 1905, and the joint assembly dissolved.

"DO IT TO-DAY."

The time-worn injunction, "Never put off 'till to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Roschke's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all drug stores.

WILL NOT BE PAID NOW.

By a note from Prof. J. H. Fuqua, Sr., Superintendent of Public Instruction, we learn that, owing to the absence of the State Treasurer, the draft to pay the county teachers can not be paid just now. This will be bad news for the teachers.

THAT TICKLING IN THE THROAT.

One minute after taking One Minute Cough Cure that tickling in the throat is gone. It acts in the throat—not the stomach. Harmless—good for children. A. L. Spofford, postmaster at Chester, Mich., says: "Our little girl was unconscious from strangulation during a sudden and terrible attack of croup. Three doses of One Minute Cough Cure, half an hour apart, speedily cured her. I can not praise One Minute Cough Cure too much for what it has done in our family." It always gives relief. Sold by J. W. Gayle.

A REGULAR OVATION TO SENATOR TAYLOR.

When the conference report was adopted by the Senate, on last Tuesday, by a vote of 48 to 4, fixing the site for Kentucky's New Capitol, and making an appropriation of \$80,000 for the purchase of same, the President of the Senate, Lieut. Governor Thorne appointed a committee consisting of Senators Cantrill, Taylor and Cox to report the bill to the House and ask the concurrence of that body.

The committee made its report on Wednesday morning as soon as the House was called to order. Speaker Brown, Representative Drewry, of Louisville, immediately arose, and stated that the General Assembly was about to close its labors, and to finish up the work for which it was called in extraordinary session, and he thought it was but right and proper that the House should extend an invitation to the distinguished Senator from Franklin, who had spent the last twelve years of his life in laboring to secure for the city of Frankfort the permanent seat of government, and address the House, and moved that the House resolve itself into Committee of the Whole, and that the Chair appoint a committee of three to wait upon the Senator and apprise him of the wishes of the House. The motion was unanimously adopted. The Speaker appointed Representatives Drewry, Miller and Blair.

The committee retired and in a few minutes returned with Senator Taylor. The Senator was accorded a regular ovation, all the members of the House, and the citizens in the galleries and gallery rising and applauding. As soon as order was restored Senator Taylor thanked the House for the compliment paid him, stating that, in his twelve years' service as Senator and Representative, he had not attempted to make a speech, and had contented himself with laboring in a quiet way to advance the interests of his constituency and the State, and left speech-making to the orators of the two houses.

The Senator was overcome by the kindness and good will of the members of the House, and retired amid much applause.

THERE'S MONEY IN IT.

Speaking of compressed air, if one could only compress some of the zero atmosphere we have been having for the past few weeks, lay it away and don't get out in charge to suit purchasers about next July, there would be a nice little profit in the transaction.

Poultry A Gold Mine

If you fed your hens egg-producing foods last winter and failed to get satisfactory results it was not the fault of the hen. Either you did not commence feeding soon enough or you did not feed the right preparation. Maybe it was both.

A run-down hen doesn't lay eggs. It takes time to get such a hen in condition to lay, but a healthy hen made so and kept so by

Lee's Egg Maker

cannot help but lay eggs—lots of them. Eggs are high now and will be still higher. Begin feeding them this preparation at once and be able to take advantage of the high prices. It will be the best investment you can possibly make.

TO OUR PATRONS.

We will, in a few days, send out bills to our patrons for their subscriptions to the Roundabout. The amounts due from each individual subscriber are small, but, in the aggregate they amount to a very considerable sum, and will help very materially to make the "wheels go round."

We trust the response will be prompt and assuring, for which we shall be duly grateful. tf.

A LITTLE TOO SOON.

We dislike to complain about our street lighting, but those furnishing the lights have fallen into the habit of turning them off a little too soon in the morning. By a few minutes after 5 o'clock the streets are left as dark as midnight, and any one having to be out at that hour has to trust to luck to find their way about. Especially is this unpleasant for those who have to leave on the early morning train for Louisville. Quite a number of these persons have narrowly escaped running into others while wending their way to the depot, and their comments would not make pleasant reading.

We call the attention of those having the matter in charge, so that it may be remedied before serious damage can follow.

We believe the contract calls for the lights to burn "during all the hours of darkness," and we know, by personal experience, that they do not.

BROKE HER ARM.

Miss Lou Pattie, while walking in the yard at her home, near Purrrington, on Friday, slipped on the ice, fell and broke her arm.

All Run Down

I HIS is a common expression we hear on every side. Unless there is some organic trouble, the condition can doubtless be remedied. Your doctor is the best adviser. Do not dose yourself with all kinds of advertised remedies—get his opinion. More than likely you need a concentrated fat food to enrich your blood and tone up the system.

Scott's Emulsion of Cod Liver Oil

is just such a food in its best form. It will build up the weakened and wasted body when all other foods fail to nourish. If you are run down or emaciated, give it a trial: it cannot hurt you. It is essentially the best possible nourishment for delicate children and pale, anaemic girls. We will send you a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

Excess Of Smoking Affected My Heart So I Had To Sit Up To Breathe. Dr. Miles' Heart Cure Cured Me.

There is nothing that has a more deleterious effect upon the cardiac or heart nerves than the excessive use of tobacco. Pain and tenderness around the heart, an oppressive feeling in the chest, choking sensation in the throat, discomfort from sleeping on the left side and smothering spells at night when the sufferer has to sit up in bed to breathe are the most common symptoms of a weak heart. Smokers who feel these symptoms and who do not understand their meaning should be warned in time, by the following experience: "I was greatly troubled with an affection of the heart, due to think to excessive smoking. On writing to you for advice I was directed to begin a course of treatment which included Dr. Miles' Heart Cure, Dr. Miles' Nerve and Nerve and Liver Pills, together with bathing, etc. I faithfully followed the directions and am pleased to say that my cure is complete and permanent. Before beginning the use of your remedies I was so nervous I could not keep my hands still and suffered greatly from severe pains around the heart. Many times at night I would be forced to assume a sitting posture to get my breath, and for the time being it would seem as though my heart had stopped beating. From the excellent results achieved in my case I can cheerfully recommend Dr. Miles' Heart Cure, Restorative Nerve and other remedies to all sufferers from heart or nervous troubles. Yours truly, ELIJAH HALL, Dolan, Ala.

A DANGEROUS PRACTICE.

While we know that it is a very attractive sport, still we also know that the practice of a lot of youths and young men starting their sleds and running them on down the incline from the cemetery gate down Main street until they often reach the Capital Hotel, is a very dangerous one, not only to those engaged in the sport, but to others whose duty or pleasure takes them onto the Versailles turnpike.

On Sunday afternoon there were several narrow escapes from serious accident, and only a hair's breadth at that.

We like to see the young people enjoy themselves, but their enjoyment ought not to be allowed to interfere with the proper use of the streets.

SOME MORE WEATHER.

When our citizens awoke, on Wednesday morning, they found the whole surface of the ground a sheet of ice and still sleeting "to beat the band." It was funny and yet pathetic to see the different attitudes assumed by pedestrians in attempting to get about.

DEATH OF VENERABLE BAPTIST MINISTER.

Rev. Joseph W. Warder, D. D., of Louisville, one of the oldest and most useful Baptist Ministers of the State, died at his home in that city, on Saturday, aged 76 years. One of the saddest things connected with Dr. Warder's death, was the fact that his devoted wife was away from home and could not reach his bedside in time to see him alive.

Away back in 1849 or 1850 Dr. Warder was pastor of the First Baptist Church, of this city.

He had been a minister over half of a century, and was an able and godly man.

He was a member of McFerran Memorial Baptist Church at the time of his death.

QUITE A LOT OF WEATHER, THANK YOU.

On Saturday the day was warm, bright and springlike, after 1 o'clock, a. m., and the ice and snow began to disappear from our streets and sidewalks.

That night, however, it again clouded up and early Sunday the snow began to fall heavily, changing, later on, to sleet, then to mist and then to rain, which fell until late in the night, making the footing very treacherous and as slick as glass.

In the night, Sunday, it again snowed to the depth of about an inch.

Altogether we had quite a lot of weather, but we are grateful in that it was not very cold all the time.

DEATH OF MR. JAMES M. WITHROW.

Mr. James M. Withrow, a Government Storekeeper, died at his home near this city, on Monday last, of pneumonia, aged 72 years.

Mr. Withrow had served as clerk in the postoffice, under several postmasters, when a young man. Later he was a clerk in the Auditor's Office, under Auditors Grant Green, W. T. Samuels and D. Howard Smith. Still later he was a clerk at the Capital Hotel in this city. His later life was passed in the Government service as storekeeper, which position he was filling when stricken with his last illness.

He was a genial and comparatively gentleman, and an efficient officer.

His wife (who was Miss Alice Johnson) died a number of years ago, leaving him with two daughters and one son (Mrs. C. H. Wilkerson, of Lexington, Mrs. Howard T. Gaines, of this city, and Mr. Jas. M. Withrow, Jr., who lives in the west).

He had a wide circle of relatives and friends, who will be saddened to hear of his death.

The funeral services were conducted by Rev. J. McC. Blayney, of the First Presbyterian Church, on Tuesday, after which the remains were laid to rest in the family lot in our cemetery.

"YE OLDE TYME CONCERT"

The old time concert, given for the benefit of the repair fund of Ascension Episcopal Church, on Tuesday night, at the Capital Theatre, was one of the most delightful entertainments of the season. There was a fine audience present, composed of the best people of our city.

The whole entertainment was furnished by local musical talent, of which this city has a remarkably good supply, and each one seemed to try to make it a success, in which they succeeded admirably.

We are glad to say that a neat sum was realized.

SAD NEWS.

The sad news came to Mrs. W. S. Johnson, on Monday last, that her sister, Mrs. Belinda McClung, wife of Mr. Chas. J. McClung, of Knoxville, Tenn., had died that day of pneumonia. Mrs. McClung was a Miss Conley, and lived in this city for a few years when her brother-in-law, Gen. Jas. A. Dawson, was a State officer. She was married to her first husband, Mr. Humphrey, from Gen. Dawson's residence. She was a very handsome and lovable lady, a devout member of the Methodist Church.

THAT'S NOTHING.

It is charged that out in Denver four men cast 9,028 ballots. Philadelphia never attempted anything like that.—Georgetown Times.

Shucks! Bailey's Mill Precinct, this county, gave that gang cards, spades and then beat them out. It cast, a year or so ago, a vote of 126 when, all told, there are only 126 voters living in the precinct.

CONTEST OF VALUE.

Students of Thoroughbred Blood Lines Interested in Competition Inaugurated by The Kentucky Farmer and Breeder.

The Kentucky Farmer and Breeder, the excellent live stock and agricultural journal published at Lexington, Ky., which has a habit of doing enterprising things, is again attracting national attention by a contest it has just inaugurated. This contest is one of marked interest to every student of thoroughbred breeding. It is based on the question:

What six thoroughbred mares now in America, whether native or imported, are best suited to be bred to the great imported stallion Meddler, the leading winning sire of 1904?

For the three best lists submitted in answer to this question The Kentucky Farmer and Breeder will give three prizes aggregating fifty dollars. The contest will close Monday, March 20. All lists to be eligible must be received by that time. The only condition necessary to enter the competition is that the person submitting the list be a subscriber to The Kentucky Farmer and Breeder. No one person can submit more than one list.

The judges who have been requested to serve in this competition are: Mr. R. J. Hancock, proprietor of the famous Ellerslie Stud, Charlottesville, Va.; Hon. John Sanford, joint owner with his father of the successful and select Hurricanna Stud, Amsterdam, N. Y., and member of the New York State Racing Commission; Mr. W. H. Rowe, Ossining-on-Hudson, N. Y., one of the closest and best informed students of the Bruce-Lowe system in America; Major Foxhall A. Dainfield, manager of Mr. James R. Keene's Castleton Stud, Lexington, and Dr. M. M. Leach, the well known Lexington veterinarian, one of the most highly prized of the staff contributors of The Kentucky Farmer and Breeder. All these gentlemen have given years of close study to thoroughbred blood lines; all are authorities on the subject. No more competent committee of judges could possibly be secured.

The various lists submitted are to be sent to The Kentucky Farmer and Breeder, addressed to MEDDLER CONTEST DEPARTMENT. When the competition closes they will be forwarded to the several judges, each of whom will be asked to designate in regular order the different lists as in his opinion they deserve to rank. When the decisions from the out-of-town judges arrive, Major Dainfield and Dr. Leach, the two local men on the committee, will be asked to determine the final award from these decisions.

As the first prize a piece of plate of the value of \$25 will be given; as the second a set of books bearing on thoroughbred breeding (to be selected), valued at \$15 will be given, and as the third, books value at \$10 (to be selected.) will be given. The winner may in each instance take the money if he so desires and invest it as he sees fit.

With the list of mares submitted each competitor may give the

reasons for his selections. It is preferred that such reasons be given, though a list will not be disqualified if unaccompanied by them.

This contest is of course inaugurated without any idea of gain of any sort to The Kentucky Farmer and Breeder. The sole object in view is encouragement of the study of scientific mating principles for thoroughbreds. Meddler is chosen because he was easily the leading sire of last year in amount won by his get. During the season of 1904 his progeny earned the enormous total of \$220,015, nearly \$60,000 more than stands to the credit of the second stallion on the list, and only once surpassed in the history of our turf by the get of one stallion in one year.

WONDERFUL YEAR'S WORK.

The Kentucky Farmer and Breeder Celebrates Anniversary by Change of Form to Tabloid—Valuable Features of Interesting Paper.

The Kentucky Farmer and Breeder, the high-class live stock and agricultural weekly published at Lexington, Ky., is receiving the congratulations of the press of the State on its change of form to a tabloid, with the accompanying use of high-grade calendered paper. The new form is a great improvement. It displays to better advantage the many valuable features which the paper always contains, makes it more convenient to handle and enables better results typographically in every respect.

The Kentucky Farmer and Breeder was established only a year ago. The showing it has made in that length of time is little short of marvelous. It has secured a paid-in-advance circulation of over 18,000 at \$2 per year and it has obtained national recognition as the best paper of its kind published. It is continually improving, adding each week some new feature of value and interest. Its future assuredly seems very bright.

Soon after beginning to take Electric Bitters, I obtained relief, and in a short time I was entirely cured." Guaranteed by all druggists. Price 50c.

WONDERFUL MOVING PICTURES.

Lyman H. Howe's moving pictures are not of the sputtery, wavering kind that hurt the eyes and make one wish that somebody or other had not been such a great inventor. They run as smoothly as a whistle and Mr. Howe's operators have, by long experience, become so expert at regulating their machines, that the men and animals shown really move as they would in life—not like frogs, as they usually do in representations of this kind. Johnstown people know this from several previous exhibitions by Mr. Howe. That's why they turned out in such good force at the Cambria Theatre last evening.

It would be quite impossible to imagine how the films for some of the pictures shown last evening were obtained, and probably very few persons in the audience tried. They just sat, and wondered, and enjoyed—their eyes expanded long and vigorously. One picture that pleased them particularly was the rescue by a life-saving crew of two mariners lashed to the mast of a stranded vessel. The whole process of scientific life-saving as practiced along the coast of every civilized country was shown from beginning to end as graphically as if it had all really happened on the Cambria stage.

First the wreck was sighted by the look-out at the station; then came the wonderfully exciting scene of the launching of the big lifeboat through a thundering surf; then every incident of the battle between the waves and oars until the stranded ship was reached; after that, the rescue itself, and last of all the joyful reunion on the beach at the safe return of the rescuers. But this was not by any means the only remarkable picture. There was one which showed all the operations in the making of a newspaper from the getting of a story by a reporter until the selling of the finished sheet by newsboys on the street. Another, entitled "Beautiful Italy," carried the spectator in a gondola through the canals of Venice, thence through the streets of Rome to the cable line which carries visitors up the side of Mt. Vesuvius. These were the longer pictures, but they made up only a small part of the performance. There were representations of actual incidents in the Russo-Japanese war, scenes from the St. Louis Exposition, and a host of other interesting sights—not to mention the comic and trick pictures which were turned on at intervals for the sake of a laugh.—Johnstown (Pa.) Tribune, January 5, '05.

At Capital Theatre, Wednesday, February 15.

FIENDISH SUFFERING

It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at all druggists. Guaranteed.

STATE CONVENTION.

For the third time in the history of the work of the Kentucky Young Men's Christian Association, there will be held in connection with the Annual State Convention at Owensboro, February 16-19, a Conference for the Women's Committees of the Association of the State. The Conference will be held in the Assembly Hall of the Association Building on Friday afternoon at 3:30, and will be presided over by Miss Sue B. Scott, of Lexington. Papers will be presented by Miss Ora V. Leigh, of Paducah, and Mrs. Lee Riker, of Harrodsburg, an informal discussion following each topic.

The Owensboro Women's Committee will entertain the delegates while in the city, and a rate of one and one-third fare has been granted by all of the railroads of the State.

There are splendid indications for a strong and representative Conference.

STAMPING GROUND.

The weather, the weather. Did anybody ever see such? Is the question being asked by everybody.

Messrs. Palmer & Sinkhorn, the Long Lick Merchants, have started out a two horse huckster wagon to buy up country produce, etc. It is in charge of jolly Tom Wright. Tom will please the farmers' wives you may rest assured.

A lot of miserable curs raided the flock of sheep of Mr. Stone, near Milton, and killed thirty-five besides a number crippled. Oh! for a law to rid us of such nuisances as these dogs are.

WILL HAVE TO ANSWER BEFORE COURT OF APPEALS

Commonwealth's Attorney John R. Allen, of Fayette county, made a motion on Wednesday, in the Court of Appeals, for an order requiring Magistrate Edwards, the Hargises, Callahan, French, and others, to appear in that court and make the answer to the proceedings looking to their trial in Fayette county on the conspiracy charges.

The court took the motion under advisement and that afternoon awarded the writ, so these redoubtable feudists will have to report here.

Deputy T. M. Phytian left that night to serve the papers in Breathitt county.

Everybody's liable to itching piles. Rich and poor, old and young—terrible the torture they suffer. Only one sure cure, Doan's Ointment. Absolutely safe; can't fail.

BADLY HURT.

While Mr. Henry Burckhardt, the butcher, was coming up his cold storage place, on Main street, on Monday night, he was run into by a sleigh driven by Mr. L. C. Norman, Jr., and thrown some ten or fifteen feet, bruising and cutting him up considerably. He is doing very well now.

A HARD STRUGGLE.

Many a Frankfort Citizen Finds the Struggle Hard.

With a back constantly aching. With distressing urinary disorders.

Daily existence is but a struggle.

No need to keep it up.

Doan's Kidney Pills will cure you.

Frankfort people endorse this claim.

Mrs. Mollie E. Callis, of 574 Holmes St., wife of W. H. Callis, foreman at the Frankfort Chair Co.'s Works, says: "I have the greatest faith in Doan's Kidney Pills for their treatment brought me untold relief. I had backache for years. It was not severe at all times, but when an attack occurred, especially if I over-exerted myself in any way, aggravation of the aching was sure to follow."

A positive proof of some disturbed action of the kidneys was trouble with the kidney secretions. I tried various remedies, but found nothing that did me any permanent good. Reading an advertisement in our local papers about Doan's Kidney Pills it occurred to me that they might at least give some relief. Acting on this thought I went to J. W. Gayle's drug store and got a box.

Their use proved that what people said about Doan's Kidney Pills was nothing short of the truth. The pain and aching in my back ceased and the trouble with the kidney secretions was corrected. I thoroughly believe that any preparation which acts up to the representations made for it like Doan's Kidney Pills can not be too well known."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
